RAILWAY STRIKE AT LOUISVILLE

Was In Its Incipency Marked by Much Disorder and Violence.

Louisville, Ky., March 12.—The first few hours of th estrike of the employees of the Louisville Railway company, which was inaugurated Sunday morning, was marked by much disorder and violence.

The strikers or their sympathizers, who were quiet and orderly for the first two hours after the company began to run cars, gradually grew bolder and before noon, several people had been injured, stones were thrown through car windows, cars were held up and the motormen and conductors routed.

Many arrests were made, but the police did not appear to have the situation under control in many instances.

Shortly before noon Chief of Police Geunter was hastily summoned to Fourth and Hill streets by Captain Jacobs, the latter claiming that his detail of men, numbering 50, were insubordinate and either could not or would not make arrests of those creating disorder in the hall vicinity. Chief of Police Guenter went to the scene in an automobile and took charge in person.

The casualties reported at the car barn were:

Motorman Pierson, cut on head by a rock.

C. Buckhold, cleark in the railway's general offices, hit by a brick while acting as conductor of a car.

E. Allen, clerk of the railway company, struck on the nose by a brick while acting as a motorman.

A. Carter, pushed off the car while trying to adjust the trolley.

Robert Watts, a clerk in the treasurer's office of the railway company, struck by a stone.

Ben Greer, a conductor, assaulted with a black jack.

Guests Fled from Flames.

Mobile, Ala., March 12.—Shortly before 1 o'clock Monday morning fire broke out in a cafe on lower Dauphin street and soon enveloped a three-story building. The fire communicated to other buildings and drove the guests out of the St. Andrews hotel, but the fire department made a hard fight and controlled the fire. Two three-story buildings on lower Dauphin street were gutted and slight damage was done to adjoining buildings. The loss is estimated at $50,000.

Hardy in Muscogee Jail.

Columbus, Ga., March 12.—C. D. Hardy, who has been confined in Harris jail at Hamilton, awaiting trial on the charge of murdering his father-in-law, Charles Brooks, at Chipley, was brought to Columbus and placed in jail. He was carried from this county to Hamilton a few weeks ago, but for some reason it was decided best to bring him back to Muscogee jail. It is claimed that Hardy is hopelessly insane.

"Water Pearl" Dead.

New York, March 12.—Water Pearl, the big 3-year-old colt, owned jointly by Sidney Paget and E. R. Thomas, died at Sheepshead bay on Sunday. He had been sick only 36 hours. The colt was one of the best 2-year-olds out last year, and won over $42,000 for his owners. They refused an offer of $100,000 for the horse last summer. Water Pearl was insured for $25,000.

Died From Poisoning.

Tuscaloosa, Ala., March 12.—The death of Laura, the 7-year-old daughter of Mrs. T. T. Steppe, occurred at the residence of her mother, in Shady Dale, near the Bryce hospital. Her death was due to poisoning, but of what nature could not be determined. The only thing she had eaten that could have caused the trouble was some candy, but of that there is not any certainty.

Sheriff Captures Negro.

Columbus, Ga., March 12.—General Bryant, a negro, wanted on the charge of murdering Dozier Huckaba, a young white man in Muscogee county, was arrested at Molena, Ga., by Sheriff Huling, of Harris county, and placed in Muscogee jail. WITH MANY SHOTS NEGRO IS RIDDLED

Surrounded In House and Shot Into Doll Rags.

DIED FIGHTING LIKE A DEMON

Negro Desperado Had Wounded an Americus, Ga., Policeman while the Officer Was Attempting to Arrest Him—Murderer Also Captured.

Americus, Ga., March 12.—Surrounded in a house and fighting to the death like a demon at bay, Bill Reese, the negro desperado who on Sunday morning mortally wounded Police Officer William Morris, was shot into doll rags at 7 o'clock Sunday night, his carcass being fairly riddled with buckshot and pistol bullets.

Shortly before dusk it was ascertained that Reese was concealed in a dwelling on Davenport street, a negro suburb. A detachment of five policemen and Deputy Sheriff Fuller went hastily to the point designated and quickly surrounde dthe house.

Deputy Fuller and Policeman Willis rushed to the door, whereupon the negro Reese opened fire with a revolver. Reese advanced, firing upon the officers, and Policeman Willis received a bullet through his right hand. At this, the other officers opened fire with guns and pistols, and the desperado fell, pierced with innumerable bullets, expiring instantly.

The carcas was brought immediately to the police barracks, where hundreds of curious people viewed it.

Willis, the policeman shot, was not seriously wounded. Police Officer Morris, who was shot by the desperado Reese while resisting arrest, is in a precarious condition at the hospital.

The killing of Reese by the officers created considerabe excitement, but no trouble is apprehended.

The crime for which the officers sought to arrest Reese was the shooting before daylight Sunday morning of Policeman William Morris, of the Americus police department, while that officer was attempting to arrest Reese, who was wanted for disorderly conduct. It is thought that the officer is fatally wounded.

Reese fired twice, shooting Officer Morris in the abdomen, the second bullet penetrating his wind-pipe and throat, and lodging in his neck.

Morris was conveyed to the Americus hospital and his recovery is very doubtful. Reese escaped after shooting the policeman.

Another negro with Reese at the time was captured and turns out to be a Florida murderer with a reward of $1,000 upon his head.

Morris has been on the local force for years ,and is a careful and excellent officer.

Legislative Inquiry Began.

Harrisburg, Pa., March 12.—The legislative inquiry into the new state capitol contracts and acounts was begun here Monday. The capitol was built under the directions of a capitol building committee at a cost of $4,000,000. It was furnished and equipped by the board of public grounds and buildings at a cost of nearly $9,000,000. The investigation is being conducted by a committee created by the present legislature.

Shipbuilders on Strike.

Detroit, Mich., March 12.—The union shipbuilders in the Ecorse and St. Clair plants of the Great Lakes Engineering Works, walked out on Monday, leaving only the machinists, carpenters and laborers at work in those yards. The men at the Wyandotte yard of the American Shipbuilding company, went to work as usual Monday morning, but are expected to quit during the day. Dispatches from Bay City say that the men at the American Shipbuilding company's yards there are at ... and probably will not strike.

MONSTER WAVE SWEPT VESSEL.

Fearful Experience of the French Line Steamer LaSavoie.

New York, March 12.—The French liner LaSavoie, from Havre March 2, carrying more than 1,000 passengers, arrived here Sunday after perhaps the most severe experience of the trans-Atlantic liners that have recently reported rough weather at sea.

The steamer ran into a series of gales, which increased in violence until Thursday, when a monster wave swept the main deck, and forced Captain Tournier to bring his trembling craft to. She drifted eight hours before the voyage could be safely resumed.

This wave, which measured, the officers say, about 50 feet in height, broke over the ship from the forward port side. In a moment tons of water flooded the vessel, shattering a heavy oak door which opened into the corridor outside the smoking saloon.

Great volumes of water rushed in, swept along the corridor and then poured down the grand stairway into the main dining room. The heavy iron stairway leading to the main deck down to the promenade deck was also washed away by the flood.

Occupants of the smoking room were thrown to their feet, and when, upon taking themselves, they opened the door to learn what had happened the water from the corridor rushed in upon them. It invaded the cabins and state rooms, many of them being flooded to a depth of several feet.

Fighting with Honduras.

New York, March 12.—A bit of interesting news regarding the Honduras-Nicaraguan war developed here Sunday. It was that General Francis Coruiz Sandoval, the veteran soldier of fortune, is fighting under the Honduran standard. General Sandoval, who is a Mexican by birth, has been missing some weeks from the Latin-American colony here, of which he was a prominent figure.

Wounded by Bomb Explosion.

Yalt, Crimea, March 12.—Colonel Dumbadze, comandant of the garrison here, was slightly wounded and his adjutant and his coachman were seriously wounded by a bomb thrown at the colonel's carriage from an upper window in a house on a street through which he was driving. The man who threw the bomb committed suicide.

34 Men Find Ocean Graves.

Berlin, March 12.—A dispatch from Cuxhaven reports the loss of thirty-four lives by the foundering of two vessels—a German cargo steamer, the George Wottern, and a trawler—during a heavy gale in the North sea. The dispatch says no further details have been received, but that it is believed those drowned comprised all aboard both vessels.

Was Soldier of Seminole War.

Nashville, Tenn., March 12.—Colonel Solon E. Rose, aged 88 years, is dead at his home in Pulaski, Tenn. He was once elected United States senator from this state, but before the vote could be announced a vote was changed and stampede made to Howell E. Jackson. Colonel Rose was a soldier in the second Seminole war in 1836.

Boston, March 12.—Fire was discovered in No. 4 hold of the Leyland line steamer Devonian, which was loading at the White Star line docks in Charleston Monday. SHERIFF FEARS A LYNCHING

And Places a Strong Guard Around the Jail to Prevent a Lynching—The Young Woman Still Quite Ill, but is Now Out of Danger.

Jacksonville, Fla., March 12—Dock Mack, a negro, has been arrested at this place and taken before Miss Katie Bandy for identification.

Miss Bandy went into hysterics, immediately declaring that Mack was the negro who so brutally assaulted her on last Monday night a week ago on Enterprise street.

The young woman is still quite ill, but is now thought to be out of danger.

Sheriff Bowden has a strong guard around the jail to prevent a lynching.

Prominent citizens went before Judge Call, of the circuit court, and it was decided to call a special grand jury to hear the evidence in this, the first case of its kind ever to occur in Jacksonville. The jury met Monday and the negro will, no doubt receive a speedy trial.

A strong chain of circumstantial evidence has been woven around this negro. He was seen leaving the scene and the two negroes who saw him are held in jail as witnesses.

Included in the new laws enacted are a 2-cent fare act, a primary election law, measures greatly increasing the powers of the railroad committee and eliminating so-called railroad commission and also eliminating so-called "blind tigers" liquorshops.

Attorney Longfellow Testifies.

New York, March 12.—Frederick W. Longfellow was the first witness called by District Attorney Jerome when the Thaw trial opened Monday morning. Longfellow formerly was Thaw's attorney. Mr. Longfellow was estopped from giving any definite testimony as to Ethel Thomas' suit on the grounds that he was acting as Thaw's counsel and his dealings with him were confidential. Justice Fitzgerald sustained the objection to Mr. Longfellow's testifying as to service of papers in Ethel Thomas' case against Thaw.

CHAUTAUQUA ATTRACTS BIG CROWDS

Tuesday's Program Was One of Most Interesting of Session.

DR. COLE'S FINE TALK TUESDAY

Spoke on a Most Interesting Historical Subject Which Impressed His Hearers—Schools of Physical Training and Cooking—Other Features.

The school of physical education by Prof. Rucker and Mrs. Adams of Chicago opened the Tuesday exercises of the Florida Winter Chautauqua, beginning at 9 o'clock in the morning. These lectures, demonstrative of the proper manner in which to develop the human system, have proved quite popular, and each entertainment or lecture has drawn well.

At 10 o'clock Prof. J. R. C. Brown delivered a fine lecture on the Bible, another of his series of teachings, which ended the morning exercises. The 11 o'clock exercises having been eliminated on account of a change of program, as had been previously announced.

At 3 o'clock there was another session of the school of health and cooking, with a practical lecture by Mrs. Gelsel and her assistant of Battle Creek Sanitarium, Battle Creek, Mich. The Seton Indians made their final afternoon appearance at 4:30 o'clock, and in the evening Dr. Walter Cole of Cincinnati, who delighted his hearers Monday evening, delivered another lecture on "Geronimo, a Pirate of Algiers." This lecture, which occupied about an hour, was one of the most interesting addresses yet heard at the Chautauqua. Dr. Cole is a graceful, eloquent and pleasing speaker. The entertainment was enjoyed by the Montauk Lady Quartette, who rendered some fine selections for the last time this season. The quartette is composed of some efficent voices, and their work is appreciated.

The program for today will be as follows: School of physical training at 9 a. m.; Biblical lecture and lesson by Prof. J. R. C. Brown at 10 a. m.; school of health and cooking at 11 a. m. lecture by Congressman Champ Clark of Missouri at 3 p. m.; Seton Indians at 4:30 p. m.; illustrated lecture, "Evangeline," by Dr. A. T. Kempton, Fitchburg, Mass., at 8 p. m. This lecture will be illustrated by match-colored stereopticon views.

Hon. Champ Clark is one of the South's brightest Democratic leaders, and all who can possibly do so should hear him. It is to be regretted that engagements were so arranged he could not appear in the evening.

MRS. W. T. BURNS

Mrs. W. T. Burns of Memphis Tenn., who is national press correspondent of the W. R. C., writes: "I caught a severe cold which it seemed impossible for me to get rid of. I became much run-down, lost my appetite and flesh and felt nervous and irritable. Vinol was recommended, and certainly worked wonders for me; it increased my appetite, and cured my cough and nervousness. I consider Vinol a wonderful remedy."

Our local druggist, W. M. Johnson, says: "Many people right here in Gainesville are in just her condition—all run-down, hardly able to drag about, don't know what ails them. This is probably caused by a cold or cough which is hard to cure, overwork or too close confinement to business, and such people need Vinol."

Vinol is not a patent medicine, but contains the medicinal curative elements found in fresh cods' livers, with all the useless oil eliminated and tonic iron added.

We ask every run-down, nervous, debilitated, aged or weak person in Gainesville, and every person suffering from stubborn colds, hanging-on coughs, bronchitis or incipient consumption to try Vinol on our guarantee. It costs nothing if it fails to give satisfaction.—W. M. Johnson, druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A FINE PAIR.

Sheriff L. W. Fennell Sold Pair Fine Hounds for Export Shipment.

Sheriff L. W. Fennell, who is a great sportsman, has always enjoyed a reputation for keeping the finest hounds in the State, and this reputation has evidently extended beyond the boarders of the United States, as he has sold to a party for shipment to Bas O' Bispo, Canal Zone, April 1, a pair of fine deer hounds. The purchaser was E. E. Harrod, who is employed by the Isthmian Canal Commission in Panama.

Deer are said to be very plentiful on the Isthmus, and Mr. Harrod, having heard and seen so much of the successful work of the Fennell hounds, decided to purchase a pair.

FISH BUSINESS BECOMING IMMENSE

Low Water in Alachua Lake Source of Profit.

TWENTY-THREE BARRELS IN DAY

Is What One Party Shipped—Most Extensive in History of Business in This Section—Some Trout Weigh Twenty-Five Pounds.

Alachua lake is said to be lower than it has been for many years, there being few places where there is scarcely any water. These places are being cleaned of the fish which have been compelled to huddle together in them, not even the small fish being saved from destruction. The business is reported to be the most extensive in the history of seining for fish in this section, one party shipping twenty-three barrels one day recently. Some of the trout taken from the lake weigh as much as twenty-five pounds each.

Many of our citizens are becoming alarmed at the destruction of fish in this lake, and declare that something should be done to stop it. They may be unnecessarily alarmed, however, for it will be remembered that some years ago, when the lake went dry, fishing was carried on in the holes on a large scale, though not as extensive as it is now; but it is claimed the meshes of the nets used then were much larger than those now in use, thus permitting the small fish to escape.

It is claimed that the State cannot prohibit the taking of fish from lakes owned by private individuals, nor regulate the method of taking same. It is done in other States, however, and if the fishermen go to the extent of exterminating the fish in fresh-water lakes, instead of using nets with meshes sufficiently large to permit the small fish to escape, they may soon find themselves deprived of a livelihood from this source.

MOORE RETURNED.

Sheriff Hood of Winnsboro, S. C., Arrived With Prisoner.

Sheriff Hood of Winnsboro, S. C., arrived in the city Tuesday night, having in custody Willard Moore, the negro whom it is alleged shot and killed Henry McCollough, another negro, at Campville on Saturday, March 2, and who was arrested in Winnsboro last Saturday, after just one week's freedom.

Moore admits being at Campville, having been employed by J. A. Maultsby, but denies having killed McCollough.

WOMEN WHO CHARM

Health Is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGHLER MISS ELIZABETH WYNN

There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

If a woman finds that her energies are flagging and that everything tires her; if her feminine system fails to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that **Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs will dispel all these troubles. By correcting the cause of the trouble it cures where other treatment may have failed.

Miss Elizabeth Wynn, of No. 205 8th Avenue, New York City, writes:

Dear Mrs. Pinkham:—

"For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

Miss Hulda Kughler, of No. 33, West 15th Street, New York City, writes:

Dear Mrs. Pinkham:—

"For months I was ill with an internal trouble. I suffered terrible agony, was nervous, irritable, and sick all the time. I took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

Women who are troubled with painful or irregular functions, backache, bloating (or flatulence), displacements, inflammation or ulceration, that bearing-down feeling, dizziness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound,

MORTON FOLLOWS CLOSELY

While Farmer is the Third and Last Man in the Contest—Majority of Seven Precincts to Hear From Concede the Election to Willis.

Telephone communication from Bronson last night stated the probable election of J. R. Willis as State Senator from Levy county, at the special election held yesterday, against his two opponents, G. A. Morton and Oliver J. Farmer, with Marton second in the race.

The information stated that nine precincts out of sixteen had been heard from. The number of votes cast was not given, but Willis leads Morton by thirty-five, and Morton leads Farmer by twelve.

Of the seven precincts to hear from, the majority it was conceded would be in favor of Willis. Among the precincts to be heard from are Chiefland and Otter Creek, two of the largest in the county.

Farmer carried Bronson, his home precinct, while Willis lost to Morton in Williston, also in Morriston, Morton carrying both precincts.

The campaign has been an interesting one, and varied has been the prophecies as to who would be the successful candidate.

JUDGE MASON'S COURT.

Two Cases of Alleged Trespass Up Before That Tribunal.

There were two cases before Judge Mason in county court on Monday, the defendants being Edward Hicks and Berry Ganey, charged with trespass upon the property of the Empire Lumber Company.

The defendants were arraigned upon separate charges, however. After hearing the evidence in the case, Ganey was discharged, while Hicks gave bond for his appearance at the next term of the circuit court.

The Emerald Isle.

Ireland is called the Emerald Isle because of the richness of its verdure, the term being first used by Dr. William Drennan, the author of "Glendalloch" and other poems, published in the latter part of the eighteenth century.

"Treatyse of Fysshynge With an Angle" was the first book on angling printed in English. It appeared in 1440.

Samuel Taylor Coleridge.

"The largest, broadest, deepest and most ineffectual genius of the nineteenth century"—thus has Coleridge been described, and probably no better description of the great philosopher and litterateur can be found. He was a youth of impulses and tried in turn to become a cobbler, a surgeon and a soldier before he settled down and gave proof of his vast literary attainments. Some of his poems have been accepted as the noblest pieces of imaginative writing produced by a modern poet, while as a literary critic he had few equals in his generation. He was a born journalist and lecturer too.—Pearson's Weekly.

SERMONETTES

BY J. MARVIN NICHOLS.

There's no market for unkind feelings.

Post mortem kindness brings no cheer.

Anoint your friends before their burial.

Nobody but a coward fails to make a venture.

Pity the man who never makes a high resolve.

It is easier to deceive yourself than it is to deceive other people.

It takes a brave man to face odds that cause others to forsake.

The friend you have to pat to prevent his snapping at you is not worth your while.

Bear in mind—there may be millions of copies, but there can be but one original.

Don't be afraid to undertake a new thing. All such are world-builders and history-makers.

Get into a good steady stride that will stand a lot of going, and that will "get you there."

Houses, ships and men were never made for sunny seas—they were built for storms and tempests.

The commercial honesty that seeks simply to avoid the law and escapes the jail is not honest enough.

Some flowers bloom all night against the dark. And there are those whose beauty of character appears only amidst the shadows.

Break your alabaster boxes on the bleeding hearts of friends. When broken on dead bodies the sweet perfume is a jeering mockery.

You can't cover your tracks. Ghenghis Khan could be traced by his pyramids of human skulls. What marks are you leaving along the highway?

Payless Dentistry.

A Baltimore man was one afternoon seated in a dentist's anteroom, waiting his turn, when a young woman, evincing every evidence of utmost agitation at the thought of submitting to an ordeal, entered and took a seat beside him. Very shortly thereafter a series of piercing shrieks came from the operating room, whereupon the timid young woman sprang from her seat in terror and, grasping the arm of the colored attendant, gasped:

"Oh, what is that? Oh, what is that?"

"It ain't nothin', miss," the darky hastened to assure her. "It's only a patient that's bein' treated free of charge."—Harper's Weekly.

A Cooking Episode.

The people who know it all are so tiresome that the verdant simplicity of the novice in everyday affairs is absolutely refreshing. Here is an incident about a young woman who was making her first essay at housekeeping. A friend had sent her by mail a recipe for some new kind of bread, giving her directions to take a portion of the dough at a time and make it into the requisite form for baking. This seemed explicit enough, but what was the surprise of the friend to receive a telegram from the young housekeeper to this effect: "What shall I do with the rest of the dough? Please answer."

Polite.

Robecchi asked a friend to dinner and then returned home furious. "What is the matter?" said his wife.

"Do not speak to me! It is a shame! I always thought a politeness produced one in return, so I asked Dobelli to lunch."

"And has he refused?"

"Refused? I should think not. He has accepted."—La Caricaturista.

Fully Explained.

Student—Aren't there somewhere, professor, cacti with hooklike thorns protruding to catch the passerby? Professor—Yes, I believe there are some varieties that are troubled with curvature of their spines.—Chicago News.

Bored to Death.

The Wife—I had a call from Marcelle today. Her Husband—I suppose she bored you to death, as usual, with her stupid talk? Wife—Yes, dear, she talked about you the whole time.—Rire.

For one man who can stand prosperity there are a hundred that will stand adversity.—Carlyle.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

Will War on Opium Vice.

Chicago, March 12.—A dispatch to the Tribune from Washington, says that the United States government has taken the initiative in inaugurating a new war on the opium vice. Following a careful sounding of Great Britain, China and Japan, the three countries directly interested, Assistant Secretary of State Bacon, with the approval of President Roosevelt, has extended an invitation to all the powers having possessions in the far east to participate in the national conference which shall devise measures for the suppression for the use of opium, if this is possible; or at least for restriction. Negotiations on this subject have been in progress since last September. The powers which have been asked to take part besides those named are France, the Netherlands, Portugal and Germany.

Burhans Testifies After Four Years

B. Burhans, of Carlisle Center, ... writes: "About four years ago wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured for good. I cheerfully recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

No Inquiry Yet Arranged.

Yokohama, March 12.—The crew of the wrecked steamer Dakota has been discharged. The Europeans will be sent to America on the American steamer Tremont. The Asiatics will be sent to Hong Kong. The majority of the passengers left here will take the steamer Siberia. The hotel and other expenses were paid by the Great Northern steamship company, owners of the Dakota. The American consul has sent $150 to the governor of Chibu prefecture, for distribution among the fishermen who assisted in the rescue of the American passengers. No salvage measures have yet been taken. An official inquiry has been arranged, steps having been taken for the preservation of evidence. Captain Francke of the Dakota is still at the scene of the wreck, awaiting the decision of the underwriters.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." It is 70 feet long, or 10 feet longer than the maximum length the government recognizes in paying for mail transportation. Only 370 pounds of fireproofed wood are used in its construction. The letter and paper cases and boxes are of metal. The life of the postal clerk aboard the new car will be safe as that of a traveler on board a Pullman.

Philadelphia, March 12.—The state supreme court has affirmed the judgment of the superior court permitting the consolidation of Pittsburg and Allegheny City. The superior court affirmed the decision of the Pittsburg courts that the act was constitutional.

CHARGE WOMAN WITH MURDER

Coroner's Jury at Eastman Gives Verdict Against Mrs. Freeney.

Eastman, Ga., March 12.—Probably a thousand people witnessed the burial of W. P. Harrell Sunday afternoon, conducted with Masonic honors, while the rain slowly fell. The Masons and Knights of Pythias attended enmasse. Mr. Harrell was killed Saturday afternoon by Mrs. Sallie Freeney.

The coroner's jury returned a verdict Sunday morning of murder against Mrs. Freeney, and held a man by the name of Rye as accessory.

Mrs. Freeney has been operating a boarding house for some time. On being arrested, Mrs. Freeney claimed that Mr. Harrell had made improper proposals to her, and that she shot him in consequence, but this is not believed to be true.

Mr. Harrell has filled various positions as county officer and was a highly esteemed citizen. It is believed that the shooting was occasioned by Mr. Harrell threatening to dispossess Mrs. Freeney unless she should pay up her rent and on account of ill-feeling engendered on account of other matters.

QUAINT QUEBEC.

The Old World Charm That Crowns This Picturesque City.

Dear, delightful old Quebec, with her gray walls and shining tin roofs; her precipitous, headlong streets and sleepy squares and esplanades; her narrow alleys and peaceful convents; her harmless antique cannon on the parapets and her sweet toned bells in the spires; her towering chateau on the heights and her long, low, queer smelling warehouses in the lower town; her spick and span caleches and her dingy trolley cars; her sprinkling of soldiers and sailors with Scotch accent and Irish brogue and cockney twang on a background of petite bourgeoise speaking the quaintest of French dialects; her memories of an adventurous glittering past and her placid contentment with the tranquil grayness of the present; her glorious daylight outlook over the vale of the St. Charles, the level shore of Montmorenci, the green Ile d'Orleans dividing the shining reaches of the broad St. Lawrence, and the blue Laurentian mountains rolling far to the eastward, and at night the dark bulk of the citadel outlined against the starry blue, and far below the huddled housetops, the silent wharfs, the lights of the great warships swinging with the tide, the intermittent ferryboats plying to and fro, the twinkling lamps of Levis rising along the dim southern shore and reflected on the lapsing, curling seaward sliding waves of the great river! What city of the new world keeps so much of the charm of the old?—Henry Van Dyke in Scribner's Magazine.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Tonics.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit Mich.

FRANK CLARK'S STANDING.

Under the caption, "A Standard Oil Peon in Congress," William Randolph Hearst, in his paper, The New York American, takes occasion to sarcastically "knock" Frank Clark, Congresman from the Second District of Florida, simply because Mr. Clark resented in behalf of the fair name of Florida in general and his district in particular, a certain article appearing in The Cosmopolitan Magazine for March, of which one Richard Barry purports to be the author. This Cosmopolitan arraigns the people of Florida as brutes, stating that a system of slavery, under the name of peonage, exists here which is a national disgrace.

Hearst, in treating the matter, refers to Mr. Clark as a peon of the Standard Oil Trust, charging that Henry M. Flagler, building one of the greatest railroad and hotel systems in the world, was "running" the politics of Florida, which accounts for Mr Clark's presence in the House of Representatives.

Mr. Hearst suggested that "his owner made a mistake in stationing him in Congress instead of arming him with a shovel and placing him on the roadbed of the East Coast Railway." Judging from the manner in which he handled Barry, the "muckraker," it is evident that Hearst has been convinced Mr. Clark would make a fairly good hand with a shovel.

As an evidence of Frank Clark's standing among his colleagues in Congress, the following has been said of him by Congressman Champ Clark of Missouri, which controverts Hearst's dirty mud-slinging:

"There are always so many Clarks in Congress that they are usually called by their Christian names more frequently than others except the Smiths, Jones, Browns, Andersons and Williamsons. So the Florida member is always Frank Clark to his fellow-members. He is a handsome, capable man without fear. What's in his mind he says, and he says it with force. He has a clear, bell-like voice, a great advantage in such a large and tumultuous assembly as is the House of Representatives. Whether a person agrees with Frank Clark or not, he must admire his courage. He was once United States district attorney, and holds up his end of the hand spike in the House, to use an old-time expression familiar to the ears of those reared in the timber regions. When the question of increasing Congressional salaries came up, Frank Clark came out boldly in favor of it and made a speech which convulsed the House and galleries and which was largely exploited in the papers. Enough voted for the proposition to pass it, but few spoke in favor of it, and most of those who did, spoke apologetically. Not so with my namesake from Florida. He put it on grounds of justice and manfully stood by his guns.

"He has a tender heart. Some persons conveyed to him the information that the lunatics in St. Elizabeth's Asylum are maltreated. He promptly introduced a resolution of investigation and forced it to its passage. He was placed on the committee to investigate, and has put in a vast deal of work on that subject. All sorts of tactics were resorted to to prevent the investigation, but Clark, of Florida, swung on like a bulldog till he got it."

Mr. Harriman is quite anxious to have it appear that the Interstate Commerce Commission has only disclosed some "ancient history" in the evidence of the looting of the Chicago and Alton railroad. Yet it would appear that Mr. Harriman is not quite happy, for he has been hanging around the Interstate Commerce Commission at Washington evidently to try and discover if he will have to tell some more "ancient history" by order of the court.

One point at least on which the recent Congress can congratulate itself is the passage of the Philippine Bank Bill. It was declared in the debate over this measure in the Senate that the Philippines had fared worst at the hands of the United States than they had done under the government of Spain. This was distinctly untrue. The laws of the United States may have been almost as harsh on paper as those of Spain, but they were at least honestly administered and the Filipinos have had a better chance to realize what a civilized government is than they ever had before. Even at that, they have not been over well used. The failure to pass the Philippine Tariff Bill was denying a simple act of justice to the Islanders. But it is somewhat made up for in the establishment of the Agricultural Bank. Some people in this country are protesting against the government's guaranteeing 4 per cent on the capital. Do they know anything of Philippine condition? If the little planter and trader in the Islands can get money at 6 per cent and get his accounts honestly handled, he will think the millenium has arrived. It is not much to have done for him, but it will help him on the way to a better understanding with this country, and will be a good investment.

The exact location of the nigger in the Panama Canal woodpile is uncertain, but that something is the matter and that all these resignations cover more than appears on the surface is certain. Poor President Roosevelt is said to be much worried at the conditions and to make matters worse he and Root and Taft are not able to agree on what is best to be done.

After looking over his head the Czar has determined that he had better discard the new duma.

It appears that it takes the unwritten law to bring out the unwritten testimony.

DOCKS BURNED AT BRUNSWICK.

Warehouses and Cars Burned and a Steamer Damaged—Loss $80,000.

Brunswick, Ga., March 12.—Fire at an early hour Sunday morning burned about 250 feet of F. D. Aiken's lumber docks on Academy creek together with six warehouses in which were stored about 40,000 crossties, also eight box cars of the Atlantic Coast Line and one of the Atlanta, Birmingham and Atlantic, causing a loss ranging from $55,000 to $75,000, covered by about 75 per cent insurance.

The four-masted schooner Eagle Wing, loading ties, was scorched and lost top sails, main top mast, and probably main mast, causing a loss around $5,000. A survey has been called for by the schooner. She will make temporary repairs here, and then proceed after completing cargo.

The four-masted schooner Alma E. A. Holmes was at the same docks, but was saved with no damage by tugs Coney and Inca, which subdued the flames with their fire pumps. The docks will be rebuilt. The fire, because of its location, is thought may have been of incendiary origin.

Boy Shot with Parlor Rifle.

Columbus, Ga., March 12.—On the farm of his father, John L. Willis, south of Columbus, Sunday afternoon Berry Willis, aged 14 years, was hit in the left groin with a ball from a parlor rifle accidently discharged by his young cousin, John Henry Talbot, standing some distance away. His left leg was paralyzed, and the hemorrhage was so great that it was feared that he could not recover. Late Sunday afternoon physicians left for the Willis home to perform an operation on the boy.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

He Slew His Father with Ball Bat.

Solon, Ohio, March 12.—Richard Kennedy, Jr., 20 years old, struck his father with a baseball bat, killing him instantly. His father and mother were quarreling and the son came to his mother's rescue, dealing his father the fatal blow. The boy surrendered to the police.

Two Killed in Explosion.

Metuchen, N. J., March 122.—Two men were killed and a number of others hurt and Metuchen was shaken and threatened with many fires Monday when a boiler of a locomotive on the Pennsylvania railroad exploded while drawing a freight train through town.

Strike Has Been Settled.
